RENTAL GUIDE

- STEP 1** The **FIRST** step to renting a new apartment or home is deciding when you need to move. It is important to give yourself enough time to find precisely what you're looking for - and that's just what our agents are here for.
- STEP 2** The **SECOND** step is to select a Park Lane Realty realtor who can guide you through decisions involving budget, location, number of bedrooms, and any other features you may be looking for in your new home.
- STEP 3** The **THIRD** step is visiting the available units, working with your agent to narrow down your options and selecting the unit that best suits your needs. Our agents will patiently guide you every step of the process to ensure you find the perfect one.
- STEP 4** The **FINAL** step is to gather the necessary documents (credit reports, proof of income, applications, etc.) and prepare a lease for the unit you've selected. Your Park Lane Realty representative will help you assemble all of the required information and do everything they can to make the transaction as smooth as possible.

AT PARK LANE REALTY, WE TAKE PRIDE IN GUIDING OUR CLIENTS THROUGH ALL OF THEIR REAL ESTATE TRANSACTIONS, FROM BEGINNING TO END, AND PROVIDING THEM THE BEST POSSIBLE EXPERIENCE.
